ANNUAL REPORT
OF THE
PARKS AND RECREATION
DEPARTMENT

FOR THE
YEAR ENDING DECEMBER 31, 1957.

BOSTON, December 31, 1957.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with section 15 of chapter 185, Acts of 1875, the Parks and Recreation Commission herewith submits its annual report for the year 1957.

Respectfully submitted,

FRANK R. KELLEY,
*Chairman, Board of Parks
and Recreation Commissioners.*

HARRY J. BLAKE,
THOMAS J. CARTY,
DANIEL G. O'CONNOR,
O. PHILIP SNOWDEN,
Associate Commissioners.

INTRODUCTION

The Department of Parks and Recreation had its beginning with the appointment of the first Board of Park Commissioners on July 8, 1875, under the title "Park Department." The Board consisted of three members who served without compensation. As thus constituted, the Department continued up to 1913, when by provision of Chapter 10, Ordinances of 1912, it was merged with the Public Grounds, Bath and Music Departments, under the name of Park and Recreation Department. The Commissioners were appointed by the Mayor for a term of three years, one term expiring each year. The Chairman was a paid city official, in charge of the operation of the department. The other two members served without compensation.

In 1920 the Cemetery Department was merged with the Park and Recreation Department, and the title was changed to Park Department. On May 1, 1954, the department became the Parks and Recreation Department under the provisions of Chapter 2, Ordinances of 1954. The Board of Parks and Recreation Commissioners was increased to five members.

Under the latest ordinance, the Commissioner of Parks and Recreation becomes the active head of the department with power of authority far beyond that which existed when the Board consisted of three members (Sec. 36-42 incl., Chapter 2, Ordinances of 1954). The Commissioners meet as required on call from the Chairman.

The department is responsible for the maintenance and improvement of approximately 3,000 acres of parks and playgrounds. Included in this area are the following facilities: a general office building; 127 playgrounds and play areas, 47 of which have field houses; 20 parks, large and small; 2 service yards containing offices, mechanics' shops, storehouse and garage; a recreation office building; 13 indoor recreation centers; 16 public bath houses; 2 public golf courses (18 holes); 3 public bathing beaches with bath houses in which are 2 solaria; 4 swimming pools (2 indoor and 2 outdoor); 85 public squares; 1 laundry; 14 greenhouses; 19 cemeteries (3 active, 16 inactive or historic); 108 miles of parkways, driveways, walks and paths; 131 acres of ponds and rivers; and the care and maintenance of all trees on city streets, parks and playgrounds.

Boston City Messenger
Dec. 17, 1958

The department organizes, promotes and conducts a city-wide recreation program for all age groups with special emphasis on youth programs.

MAJOR ACCOMPLISHMENTS IN 1957

This report summarizes briefly the efforts of the Parks and Recreation Commission and the staff of the department to maintain a high standard in essential services and to expand the facilities of our Park System to meet the needs of the department within our appropriation allowances.

In this report there is no particular attention given to the extensive maintenance responsibilities of the Parks and Recreation Department. Reference to the introductory section of this report will indicate the large number of areas, buildings, etc., that require most of the time of our staff. It should be apparent that much of our appropriation is expended for the maintenance and improvement of parks, gardens, park and recreation buildings, mechanics' shops, golf courses, cemeteries, etc. Proper maintenance is the key to efficient service. We are confining this report to major work accomplished in 1957, all of which is substantially outside the area of general maintenance.

PARK AND PLAYGROUND IMPROVEMENTS

Construction of Playground at Veterans of Foreign Wars Parkway, Russett Road, Bruce and Weld Streets, West Roxbury: Construction of this new playground, including grading, drainage, water supply, backstops, etc., was started during the year and approximately 90 per cent of the work under the first contract, amounting to \$90,000, has been completed. We hope to continue another phase of the construction work on this playground in 1958.

Angell Memorial Plaza, Post Office Square: A new park in the center of the down-town financial district, including concrete walks, new-type benches, grading, loaming and planting of trees, was constructed in 1957 and early 1958 at an approximate cost of \$10,000 appropriated by this department, and a like amount appropriated by the Massachusetts Society for the Prevention of Cruelty to Animals. Small-leaf European

linden trees have been planted in this newly constructed park and during the spring, summer and fall months, this park should be quite an attraction.

Public Garden: This beautiful area received a face lifting with the installation of ornamental park benches and the erection of an ornamental post and chain barrier fence on the main walk. This work was done under two contracts involving an expenditure of approximately \$13,000.

La Fayette Mall, Boston Common: A contract in the amount of \$138,000 was awarded for the reconstruction and beautification of Lafayette Mall on Boston Common. This will be the first step in the beautification of this area which, when completed, will include special flower beds, fountain, monuments, court of flags, etc. Construction work will start early in 1958.

East Boston Stadium and Recreation Area: Considerable repair work, including painting of the exterior of the stadium, was completed at a cost of approximately \$9,000.

John J. Connolly Playground, Marcella Street, Roxbury: One of the better known and older playgrounds in the city was completely redesigned and reconstructed, including loaming, regrading, erection of new backstop, bleacher repairs, setting aside of a new children's area with complete playground equipment, all at a cost of approximately \$42,000.

WALKS AND ROADWAYS

Reconstruction of Commonwealth Avenue Mall: A contract in the amount of \$44,000 was awarded and construction work started on the reconstruction and resurfacing of the main walk on Commonwealth Avenue Mall from Arlington Street to Massachusetts Avenue, as well as the resurfacing of the cross-sidewalk areas. The work is to include the paving of the existing gravel walk with a permanent asphalt surface, the erection of benches, and the replacing of the existing brick cross walks with new concrete walks. Much of the work under this contract will be done in 1958.

Franklin Park Yard: The department's service yard at Franklin Park was regraded, drainage installed, and resurfaced with an asphalt pavement, at a cost of approximately \$14,000.

Commonwealth Avenue Roadway: The in-bound roadway on Commonwealth Avenue between Kenmore Square and Charlesgate West was reconstructed and repaved, at a cost of approximately \$20,000.

St. Thomas More Drive, Brighton: This section, located in Brighton in the vicinity of the architecturally beautiful Boston College Law School, was resurfaced at a cost of approximately \$21,000.

BUILDINGS

Cabot Street Bath House, Roxbury: This building was completely renovated and painted at a cost of approximately \$25,000.

North Bennet Street Bath House: Repairs and renovations were made at this location including painting of the interior, at a cost of approximately \$15,000.

L Street Bath House: One of the handball courts at this bath house was completely rebuilt at a cost of \$7,300.

TREES

Approximately 1,000 trees were planted during the year on city streets and parkways, at a cost of \$30,000.

Approximately 350 dead or diseased trees were removed during the year under contract, at a cost of \$24,000. The total number removed was approximately 800, the balance over and above those removed by contract being removed by the tree staff of the Parks and Recreation Department.

PARKS AND BEACHES

Early in the year, for the first time, there was formed a water ballet school in which participants were taught synchronized swimming. In cooperation with the American Red Cross, this department staged swimming championships open to all under 17 years of age, at Curtis Hall Pool. There were 759 participants.

Another responsibility assumed during this year was the instruction of 125 girl scouts in the art of swimming, and following this, we initiated for the first time a "Learn to Swim Program" in the indoor pools operated by the bath division. The month of May was designated as "Learn to Swim Month." Our swimming program was conducted indoors, with special classes for retarded children. In the summer months a special lifeguard training course was organized, designed to raise to the highest level of efficiency the lifeguard group serving at our beaches and pools. During the summer months beginners and intermediates were instructed in junior lifesaving and competitive swim events at L Street in South Boston, and at the George Robert White pools in Charlestown and the North End. Later in the summer, outdoor swimming championships with demonstrations in synchronized swimming were held at the above locations.

One of the outstanding events of the year was "Playground U.S.A. Day", held on Boston Common and other areas. The Bath Division participated by staging a half-hour swimming program for TV viewers, televised over station WBZ-TV, with an additional 15 minutes on a national hookup on Dave Garroway's program. The highlights of this day were the beginners' classes in action, intermediate demonstrations, and skill in swimming by the best of Boston swimmers, lifesaving demonstrations, and water ballet. Also held in the summer, under direction of the Bath Division, were CYO championships for girls and boys, and the first annual Aqua Classic for men and women.

Our indoor pools were in use daily by school groups and special classes throughout the entire season.

RECREATION

Our recreation program and what this department accomplishes for all groups, from the youngest to the Golden Age, is well known in the community. Our program has been copied by many other cities in the United States.

As in former years we have conducted our city-wide basketball, baseball, handball and football programs in all sections of the city. Thousands of persons competed in all our events, which are set up in Junior, Junior Varsity, Varsity and Senior Varsity, and Senior

Park leagues, in all these sports. It might be of interest to point out that in our Senior Park Football League, whose games are witnessed by hundreds of thousands, the final play-off game was held in the new Boston College Stadium. This privilege was granted to us through the courtesy of His Excellency Archbishop Richard J. Cushing and Boston College officials.

During the summer season, for a ten-week period, we staffed 125 play areas with recreation leadership, and the young men and women instructors, most of whom were college graduates or upper classmen in college, directed a workshop covering sports, games, athletics, handcrafts, music, etc. Among the more popular attractions were the several soft ball leagues, which now include women as well as men.

A special indoor recreation demonstration, which included girls from each of the 14 recreation centers throughout the city, was held at the Tobin Memorial Gymnasium at which the May Queen was selected.

In addition to the regular annual events like May Day, Halloween, and the Golden Age parties, the Recreation Division promoted weekly programs beginning with "Get Acquainted Week" and including "Be Kind to Animals Week," "Do It Yourself Week," "Be a Good Citizen Week," etc.

The outstanding recreation event was held on August 9, when "Playground U.S.A. Day" was presented on Boston Common with participants from all sections of Greater Boston and some coming from a distance of more than 50 miles. The program included a Junior Olympics Novice Track Meet, folk dancing of all racial groups, and swimming events, comprising an all-day program which was carried on local radio and local and national television schedules.

CEMETERIES

Roadways were reconstructed and resurfaced with a permanent asphalt pavement in Mount Hope, Fairview, and Evergreen cemeteries, at a cost of approximately \$31,000. New areas for burials were developed in the three active cemeteries mentioned above, which included the installation of concrete grave liners, at a cost of approximately \$14,000. Incidentally, our interments in these three cemeteries during 1957 numbered 1,980.

Additional work done during the year in our three active cemeteries included the painting of the fences at Mount Hope and Evergreen cemeteries, the installation of 500 feet of water pipe at Mount Hope Cemetery and 735 feet of water pipe at Evergreen, and the planting of 60 new trees in Mount Hope Cemetery.

PARKS AND RECREATION DEPARTMENT— CEMETERY DIVISION.

The following annual report is presented for the Cemetery Division from January 1, 1957, to December 31, 1957.

DEPARTMENT CEMETERIES

The burying grounds, cemeteries and tombs which are owned by and in charge of the City of Boston are as follows, with a total area of about 7,040,708 square feet:

	Square Feet.	Estab- lished.
<i>Bennington Street, East Boston</i>	157,500	1838
<i>Bunker Hill, Charlestown</i>	48,202	1807
<i>Phipps Street, Charlestown</i>	76,740	1630
<i>Copp's Hill, Hull street, City</i>	89,015	1659
<i>King's Chapel, Tremont street, City</i>	19,344	1630
<i>Granary, Tremont street, City</i>	82,063	1660
<i>Central, Common, City</i>	60,693	1756
<i>South End South, Washington street, City</i>	64,670	1810
<i>Hawes, Emerson street, South Boston</i>	11,232	1816
<i>Union, East Fifth street, South Boston</i>	5,470	1841
<i>North, Uphams Corner, Dorchester</i>	142,587	1633
